

We're thrilled to launch a brand-new, Colorado region signature event in **Steamboat Springs**, over Labor Day weekend, September 4–6, 2026, in partnership with the town's free summer concert series. This inaugural celebration will bring together CDT supporters, hikers, volunteers, and community partners for a weekend that will include stewardship projects and educational events on Friday and Saturday, culminating in a "Trailfest" and lively gathering in conjunction with the Free Concert Series on Sunday, September 6. It's an exciting opportunity for sponsors to align with a high-energy community event that brings thousands of people into the heart of Colorado's outdoor culture. Don't miss this wonderful opportunity to connect with hikers and community members alike, and to celebrate the Continental Divide National Scenic Trail!
